

3rd Conference on Intelligent Systems and Information Technologies

Artificial Intelligence Impact on Physical Sciences and Medicine

Building on the success of previous editions, including ISIT 2024's focus on Logic, Knowledge, and Reasoning, this year's conference will explore AI's powerful, transformative role across disciplinary boundaries. With a strong emphasis on real-world applications and interdisciplinary collaboration, ISIT 2025 will delve into how AI accelerates scientific discovery, revolutionizes healthcare, and reshapes our understanding of human behaviour and social systems.

24-26th September 2025

CALL FOR SPONSORS

Dear Colleagues,

We kindly request you to consider supporting the International Conference on Intelligent Systems and Information Technologies (ISIT 2025), which will be held on September 24-26, 2025 at the Institute of Computer Science of the University of Siedlce. This year's edition will focus on current directions in the development of artificial intelligence and its practical applications. The theme of the event is: "Artificial Intelligence Impact on Physical Sciences and Medicine". The conference has a hybrid and international character, bringing together researchers, students, representatives of business and public institutions interested in technological innovations.

We are pleased to invite your company to join us as a partner of the conference. Participation in the event is an opportunity to promote your business, present your products or services and have direct contact with participants from Poland and abroad. The table presents sponsorship packages. There is also an opportunity to customize the offer.

For detailed information about the conference, please visit:
isit.uws.edu.pl

Additional cooperation opportunities (upon request):

- sponsoring prizes for the best speeches/posters,
- covering printing costs of conference materials,
- branding of catering,
- co-organization of thematic workshops.

We are open to your suggestions and ready to make individual arrangements. We believe that your support will be an important contribution to the development of the conference and the scientific activities of the Institute of Computer Science at the University of Siedlce.

Best regards,

Organizing Committee of ISIT 2025 Conference
